Department of Transportation -- Federal Aviation Administration

Supplemental Type Certificate

Number SA2709SO

This certificate is issued to

B/E Aerospace, Inc.
10800 Pflumm Road
Lenexa, KS 66215

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: A20WE

Make: Boeing

Model: 747-400

Description of Type Design Change: Installation of APC Coffee Maker P/N 416-1001-49, in the following galleys according to APC Drawing No. 3505-0003, Rev. "C" dated February 8, 1990, or later FAA approved revision. (see sheet no. 2)

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 24, 1990

Date reissued: April 03, 2001; June 29, 2002

Date of issuance: February 20, 1990

Date amended:

By direction of the Administrator
